

# EPS YM Leadership Meeting

## Student Chapter of Optics Paris

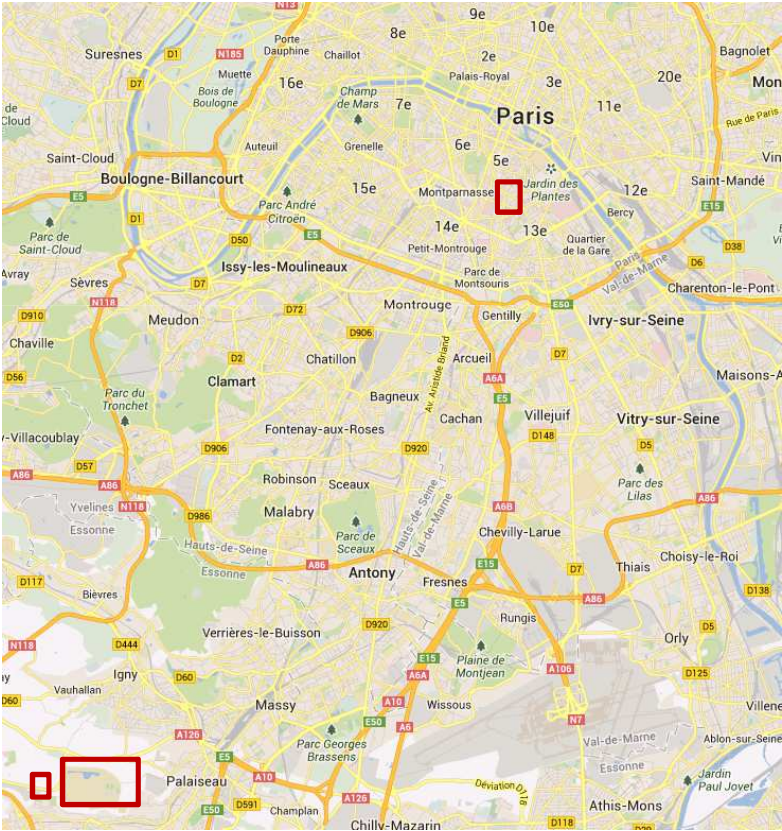

# Where we are

## Three Institutions

## A Dynamic Environment in Optics

- **Triangle of Physics**  
Network of laboratories  
*Femto laser, Bioscience, Photovoltaics, Atomic Optics, Quantum Optics, Nanophotonics, Non-linear Optics...*
- **ParisTech**  
Gathering prestigious Higher Education Schools
- **Paris-Saclay Campus**  
Universities, Engineer Schools, Labs, R&D center...

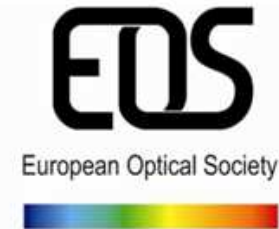

# Who we are

## Students

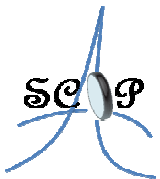

- PhD Candidates
- ~60 members (with 6-10 active members)
- PhD topics related to Optics

## Affiliations

- European Optical Society within the European Physical Society
- French Optical Society
- Optical Society of America
- International Society for Optics and Photonics

## Our Board

# What we have done (so far)

## Previous board

### IONS 2011

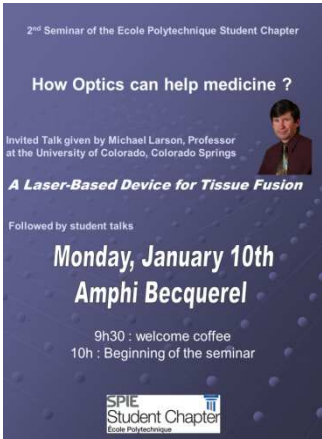

### Christmas meal

### Tournament

### Seminars

### European Research Night

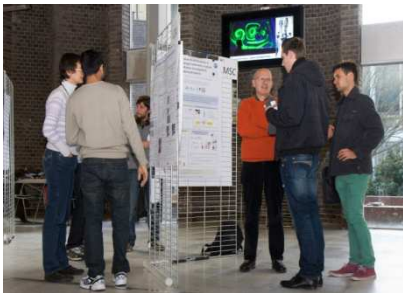

# What we have done (so far)

## Current board

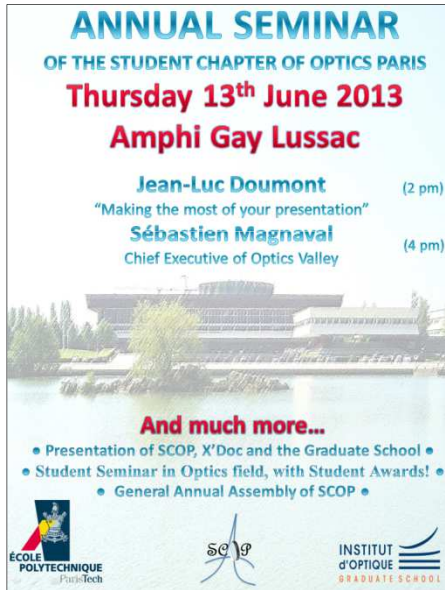

### European Research Night

### Forum

### Seminar

# What we are going to do

## Renew Memberships

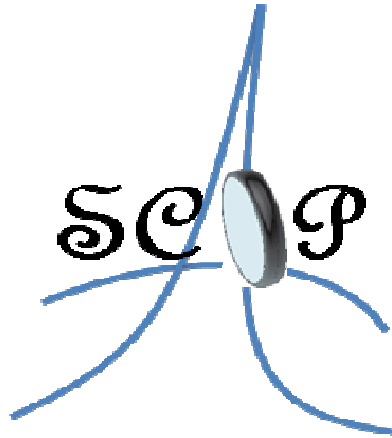

- Participate to « Welcome Days for PhD » to present the section/chapter
- Be involved in the annual seminar of new PhD students
- Master's forum

## Activities

- Next European Research Night (27th of September 2013)
- Next Forum of Optics
- Seminar with a visiting lecturer from OSA
- « SCOP in your lab »
