

Activities in year 2015:

OptoMeeting for Young Researches & SPIE Student Chapter Meeting

- We organised this international conference

OPTO2015
27-30 MAY WROCLAW

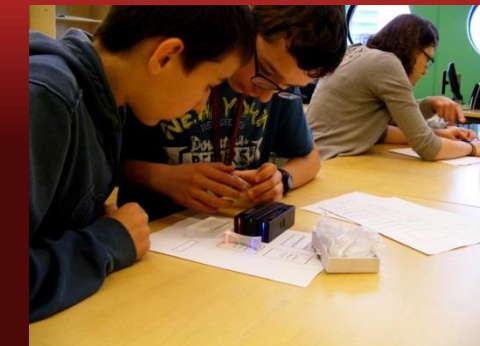

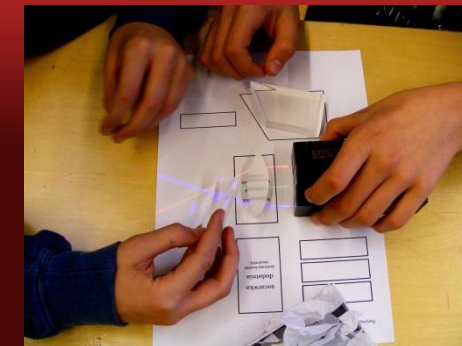

Screening vision test in preschool:

- We tested visual acuity, color and stereoscopic vision
- Each result of test was discussed with child parents
 - Over 200 children in 3 preschools

Optical demonstration:

- We presented total internal refraction, optical principles of lenses, color mixing, the law of reflection and diffraction

Future plans:

- More physical demonstrations (magnetism)
